

## Confirmation

We hereby confirm that Mr. Arnvid Brandal has contacted The Norwegian Mission Alliance regarding a donation of money in connection with his excellent artistic work presented in Ship-albums on CD-rom.. Mr. Brandal is well known as a good co-worker for our organization.

The Norwegian Mission Alliance has projects in eight countries in Asia and South-America. We work among poor and often discriminated people. In the slum of Metro-Manila, Philippines, we have been working among children for 30 years. Our main program here is children sponsorship.

The Norwegian Mission Alliance was founded in 1901. Her Royal Highness, Princess Märtha Louise, attended our celebration of our 100th Anniversary in the City Hall of Oslo in 2001. She has also visited our projects in Bolivia.

Our organization is dependent on personal gifts from people in Norway. Although we are supported by the Norwegian Government, we still get about 2/3 of our total budget from private donors in Norway.

We are very thankful for the donation from Mr. Brandal. The Norwegian Mission Alliance guarantees that the money will be used in projects among poor children in Manila.
